

2019 Australian Athletics Championships **Sydney NSW**

Saturday 30th March - Sunday 7th April 2019

Athletics ACT Selection Policy

1. Introduction

This document sets out the basis on which Athletics ACT will select its Team for the Australian Championships, to be held between 30th March and 7th April 2019.

This Policy can be amended at any time by Athletics ACT if it is of the opinion that such an amendment is necessary resulting from any change to Athletics Australia's participation rules, to give effect to the Policy following discovery of a drafting error or oversight, or for any other reason determined to be in the best interests of Athletics ACT. Athletics ACT shall not be responsible or liable in any way to any one as a result of any such amendment.

2. Selection Philosophy

Athletics ACT is committed to providing its athletes the opportunity to compete at Australian Championships and recognises the importance of selecting those athletes who will be able to best contribute to the continued success of athletics in the ACT and who will be of sufficient standard to represent the Territory.

Athletics ACT also sees the Australian Junior Championships as an important development opportunity for our junior athletes, and in line with the general Athletics Australia direction, would like to encourage as many eligible athletes as possible to participate. Athletics ACT believes that providing junior athletes opportunities to compete at a national championship alongside other ACT team members is an excellent way to encourage further participation in our sport and build a vibrant and cohesive athletics community in Canberra.

This selection policy seeks to find the appropriate balance between encouraging increasing participation at the national championships and selecting athletes of an appropriate standard for a national championship.

For the avoidance of doubt, this philosophy statement is not to be regarded as part of the selection criteria. It is included in this document as a guide to those aspiring to the Team and also as a reference in understanding selection decisions.

Relay teams

Athletes who wish to be considered for selection to relay teams must indicate this with their nomination for selection. Relay teams will be chosen and announced (including reserves) at the same time as the whole team, however athletes will not be selected for relay teams only (*i.e. they must have also been selected for at least one individual event*).

Athletes will be selected to relay teams based strictly on their performances at the time of selection, with the four fastest athletes being selected to the team, and any other athletes as reserves in order of performance. **Athletes who do not nominate for 100m, 200m and/or 400m individual position and wish to nominate for a relay must provide a 100m or 400m performance from during the qualifying period.**

For the avoidance of doubt, the composition of the relay teams will not change based on performances achieved at the National Championships, unless injury or illness prevents a selected team member from competing.

- In the eventual case that a relay team is not complete in a particular age group, selected athletes for individual events will need to make themselves available for the team as long as there is no clash of events for that athlete.
- An athlete is not allowed to withdraw from the relay team if he/she has previously nominated and been selected without a medical form that states that the athlete is unable to compete.
- Team management is responsible for any changes made to a relay team at the Competition.

5. Overriding Discretion of the Selectors

Notwithstanding anything set out in this Policy document, the Selectors have an overriding discretion to name any athlete in the Team if they believe it is in the best interests of Athletics ACT to do so.

6. Announcement of the Team

The team will be selected in the week commencing **11th February 2019** and announced as soon as practical thereafter.

7. Appeals

A two-step process for appeals will be available for athletes or their representatives who disagree with the original selection decision.

- a) In the first instance, an athlete, or their representative, shall be entitled to seek reconsideration of the original decision of the selection committee if they believe the committee has not correctly applied the selection criteria. An appeal should be addressed in writing to the selection committee and can be sent via the Athletics ACT Executive Officer.
- b) If the athlete, or their representative, is still not satisfied with the decision of the selection committee, then they may seek consideration of the second decision by the Board of Athletics ACT. An appeal should be addressed in writing to the Athletics ACT President and can be sent via the Athletics ACT Executive Officer.

8. Further Obligations after Selection

All selected athletes will be required to pay an administration levy.

All junior athletes selected in the ACT Team will be required to pay the team levy. This levy provides access to Team Management and Team Physio. Junior athletes are required to wear the Athletics ACT uniform. Senior Athletes are strongly encouraged to wear the Athletics ACT uniform.

All levies will be determined once final team numbers have been confirmed.

Uniforms are available to purchase. Details on how to order will be advised at the time of selection.
